CIRCLE JERKS "WONDERFUL" RE-ISSUE ON PORTERHOUSE RECORDS 12" VINYL ARRIVES MARCH 2, 2018 PRE-SALES ON NOW RE-MASTERED DIRECTLY FROM THE ORIGINAL ANALOG MASTER TAPES

Wonderful is the fourth studio album from Circle Jerks. Featuring the mid Eighties thru mid Ninties line up of Keith Morris, Greg Hetson, Zander Schloss and Keith Clark the record features more mid tempo numbers and a heavier sound than it's predecesors. "Making the Bombs," "Killing For Jesus," "Wonderful" and "American Heavy Metal Weekend" are all hits and this newly re-mastered pressing brings them up to today's sonic standards.

Originally released on Combat Core Records in 1985 Wonderful has always been a fan favorite and it's tunes have been staples in the band's past live performances.

The re-issue of this great punk record is long overdue and it's going to connect with Circle Jerks fans both new and old. Porterhouse Records is pleased to present it's thirteen re-mastered tracks lovingly pressed on shiny black vinyl.

[Wonderful is also available on Compact Disc at the Porterhouse Website.](#)
