Chip and Tony Kinman have been involved in some of America's most defining moments in music during their long and storied careers. Their seminal band the Dils, are regarded as one of the first and foremost West Coast punk rock acts of the late 70's and their subsequent group Rank and File spearheaded the entire alt-country movement and defined what we now call "Americana" forever, even garnering an Everley Brothers cover of "Amanda Ruth."

2018 finds the brother's re-uniting to bring us more groundbreaking rock and roll with a Blues driven vehicle that Chip calls "Ford Madox Ford." With Chip fronting Ford Madox Ford and Tony contributing production, co-writing and backing vocals for the project they have again crafted material that is outstanding, tuneful and unique.

"We are planning on doing everything; recording, touring and winning a Grammy so that's the plan" states Chip Kinman.
