**URGE OVERKILL'S "SATURATION" 25TH ANNIVERSARY RE-ISSUE  
ARRIVES ON 12" BLUE CLEAR VINYL, BAND AVAILABLE FOR INTERVIEW  
PRE-SALES ON NOW - STREET DATE: SEPTEMBER 28, 2018**

25 years goes by so quickly! A great rock band when the world needed a great rock band Urge turned in a stellar performance on "Saturation" and alongside the Butcher Brothers created one of most popular and relevant records of the 90's.

The 25th Anniversary Re-Mastered version of "Saturation" is a true to life replication of the original packaging down to the inner sleeve. The Porterhouse Prime Vinyl pressing will start with a limited run of 1000 pieces on clear blue vinyl. There will be other colors in subsequent pressings. Porterhouse will be paying attention to all the details including re-mastering from the original Master Recordings and we'll be delivering a revitalized and thoroughly epic "Saturation!"

Of course Urge Overkill themselves are jazzed about celebrating their masterpiece and both Nash Kato and King Roeser are available for interview to discuss the making of, and the enormous impact that "Saturation" had on them and the music world.

The 25th Anniversary Saturation Re-Issue is available for Pre-Order now. Street date is September 28, 2018.
